

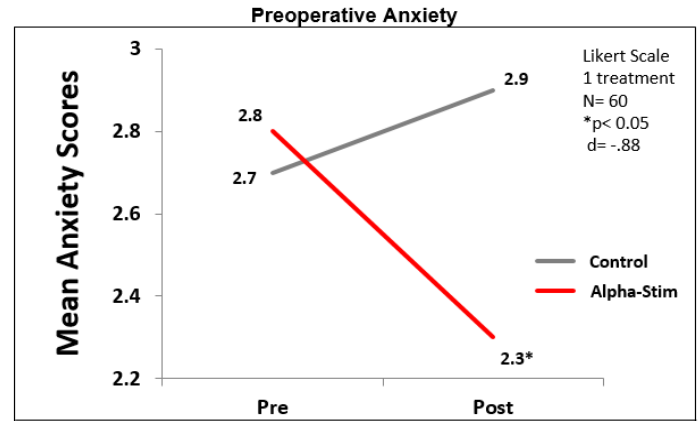

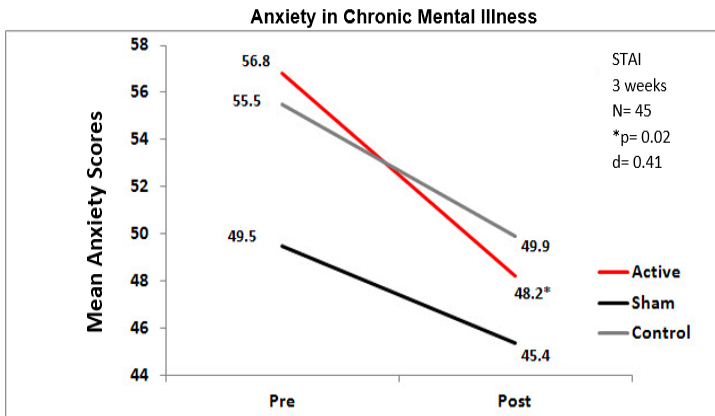

Graphic Summary of Key Alpha-Stim CES Anxiety Studies

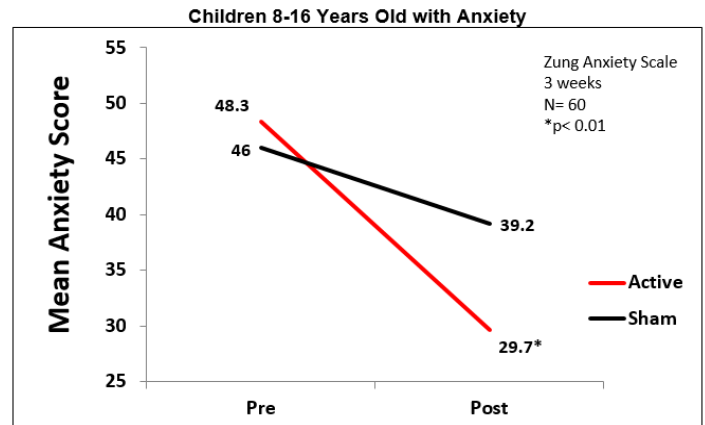

Kim HJ, Kim WY, Lee YS, Chang M, et al. The effect of cranial electrotherapy stimulation on preoperative anxiety and hemodynamic responses. *Korean Journal of Anesthesiology*. 2008; 55: 657- 661.

Barclay TH, Barclay RD. A clinical trial of cranial electrotherapy stimulation for anxiety and comorbid depression. *Journal of Affective Disorders*. 2014; 164: 171-177. Presented at the American Psychological Association National Conference, Honolulu, HI, July 2013.

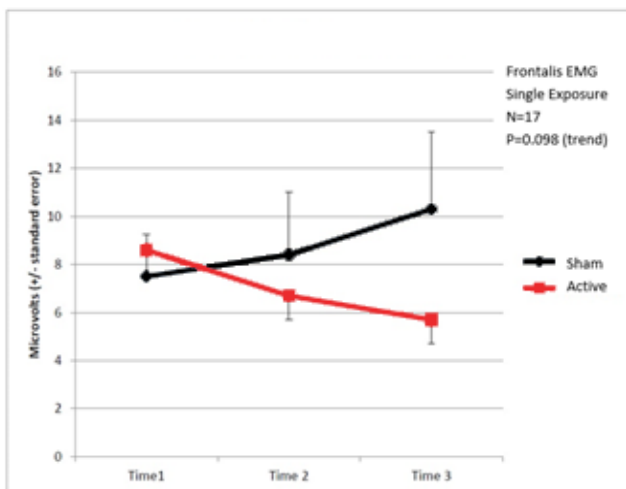

Strentzsch, Julie A. An examination of cranial electrotherapy stimulation (CES) on alpha-amylase levels, cortisol levels, and state-trait anxiety scores in the chronically mentally ill. *Doctoral Dissertation*. Saint Mary's University, San Antonio, Texas, 2008.

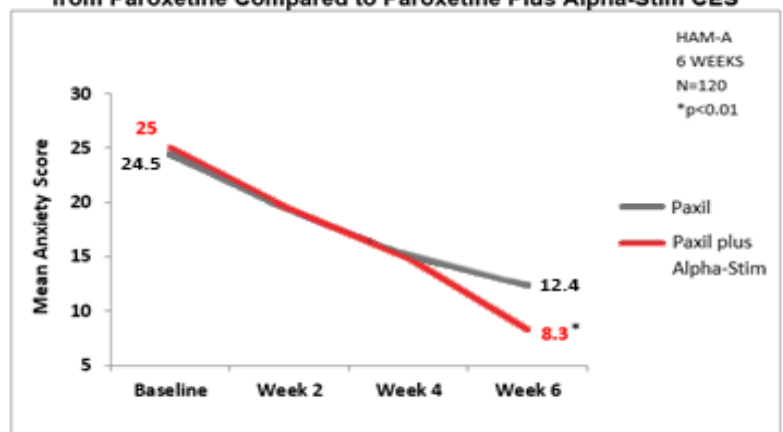

Chen Y, Yu L, Zhang J, Li L, et al. Results of cranial electrotherapy stimulation to children with mixed anxiety and depressive disorder. *Shanghai Archives of Psychiatry*. 2007; 19(4): 203-205.

Reduction in Induced Anxiety from the Affective Picture System

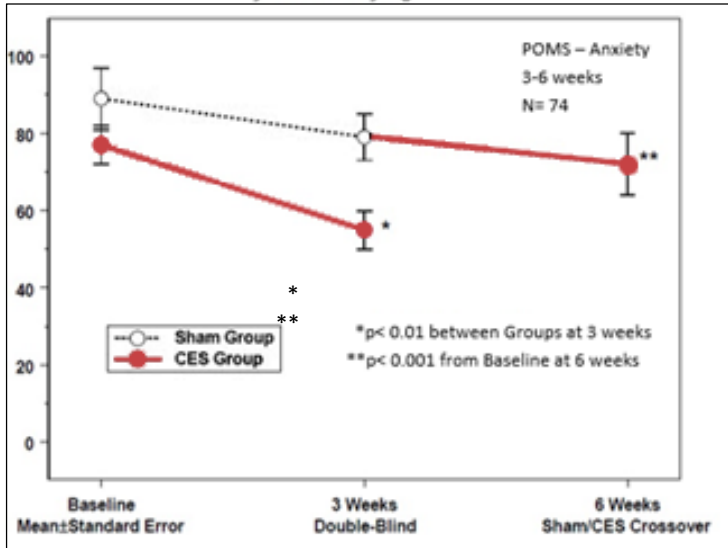

Hill N. The effects of alpha stimulation on induced anxiety. Digital Commons @ ACU, Electronic Theses and Dissertations. Paper 6. 2015.

Reduction in Anxiety from Paroxetine Compared to Paroxetine Plus Alpha-Stim CES

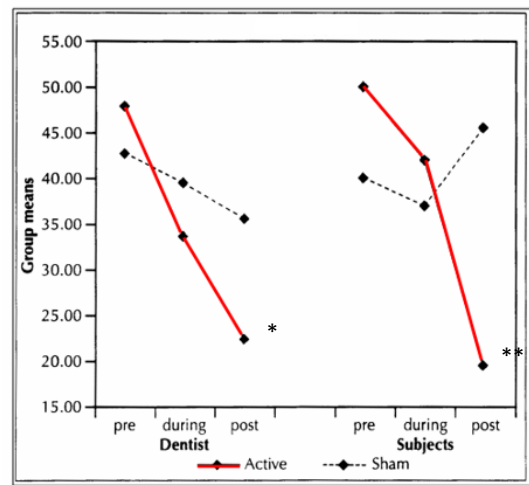

Lu Ling, HU Jun. A Comparative study of anxiety disorders treatment with Paroxetine in combination with cranial electrotherapy stimulation therapy. *Medical Innovation of China*, 2014; 11(08): 080-082.

Anxiety in Fibromyalgia Patients

Cork, Randall C., Wood, Patrick, Ming, Norbert, Shepherd, Clifton, Eddy, James and Price, Larry. The effect of cranial electrotherapy stimulation (CES) on pain associated with fibromyalgia. *The Internet Journal of Anesthesiology*. 2004; 8(2).

Dental Anxiety

Bystritsky A, Kerwin L and Feusner J. A pilot study of cranial electrotherapy stimulation for generalized anxiety disorder. *Journal of Clinical Psychiatry*. 2008; 69:412-417.

Children 9-17 with Mixed Anxiety Depression Disorder (MAD)

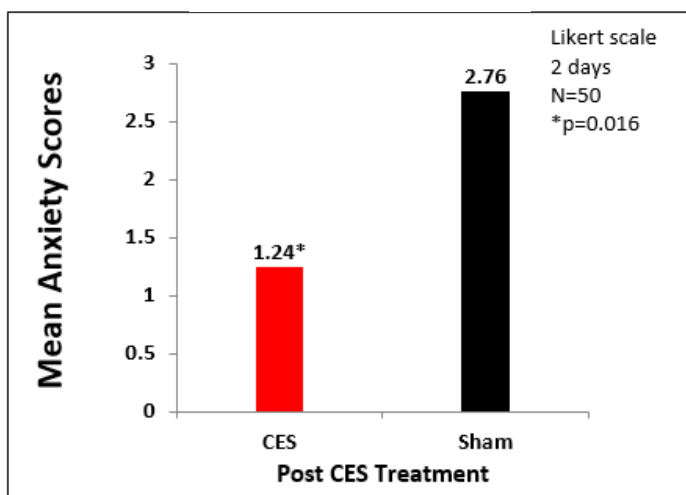

Lu XY, Wang AH, Li Y, Zhang JS and Liu BX. Safety and effectiveness of cranial electrotherapy stimulation in treating children with emotional disorders. *Chinese Journal of Clinical Rehabilitation*. 2005; 9(8): 96-97.

General Anxiety Disorder Patients

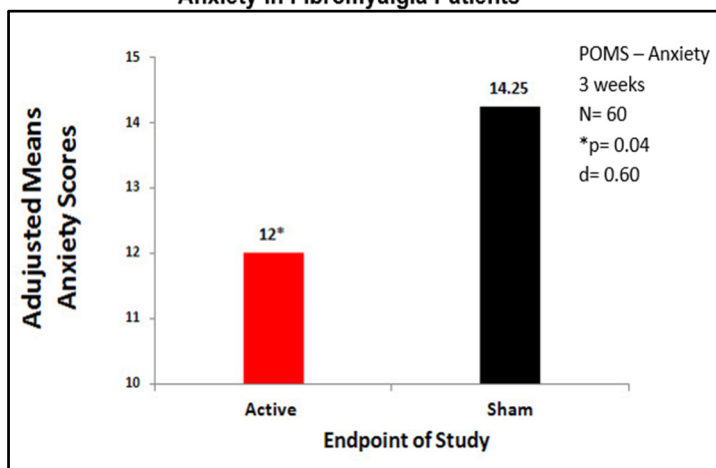

Overcash, Stephen J. Cranial electrotherapy stimulation in patients suffering from acute anxiety disorders. *American Journal of Electromedicine*. 1999; 16(1): 49-51.

Preoperative Anxiety

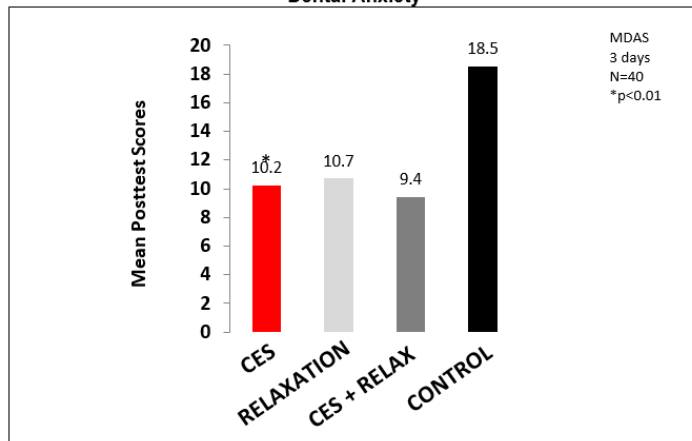

Lee S. Effects of cranial electrotherapy stimulation on preoperative anxiety, pain and endocrine response. *Journal of International Medical Research*. 2013; November 21.

Anxiety in Fibromyalgia Patients

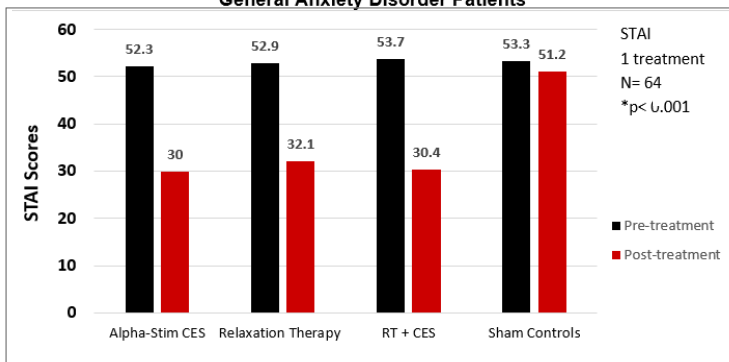

Lichtbroun, Alan S., Raicer, Mei-Ming C. and Smith, Ray B. The treatment of fibromyalgia with cranial electrotherapy stimulation. *Journal of Clinical Rheumatology*. 2001; 7(2): 72-78.

Dental Anxiety

Kolesos ON, Osionwo HO and Akkhighbe. The role of relaxation therapy and cranial electrotherapy stimulation in the management of dental anxiety in Nigeria. *ISOR Journal of Dental Practices*. 2013; 10(4): 51-57.

General Anxiety Disorder Patients

Gibson, TH and O'Hair DE. Cranial application of low level transcranial electrotherapy vs. relaxation instruction in anxious patients. *American Journal of Electromedicine*. 1987; 4(1): 18-21.
